

May 17, 2021

TKD Family,

As our state continues to roll back COVID-19 related restrictions, it is with great happiness that we announce a further return to normalcy for our school and numerous procedural changes that will allow for more streamlined classes. Please note that all changes will go into effect on **Monday, May 24th**.

First, we are pleased to announce the **reopening of our lobby for families** to view classes. We have a limited number of socially distanced seats that may be occupied on a first come, first served basis. You will find sanitizing wipes and hand sanitizer throughout our lobby as we ask that our space be kept clean for all that use it.

For students, we will be **removing the pre-class checklist**, though please note registration for class is still required via our [class registration portal](#) to ensure we have enough space for everyone. Students will now **enter AND exit only through the rear of the building**. You will also notice we will stop taking temperatures of students on arrival, and we'll cease to clean student spots between every class as these practices have not been proven to be very effective. We will also have limited capacity group testings that will be announced soon.

To reiterate our commitment to safety, masks are still currently required for anyone inside our facility 2 years of age and older. We continue to disinfectant high touch areas on a regular basis and have sanitizing stations throughout our facility for easy access. Our HVAC system is run at a high rate of air flow and we are utilizing a HEPA air filter. Our team is keeping a close eye on all CDC and NJDOH announcements and guidance for businesses of our type.

We look forward to welcoming our families back into our lobby, making registering for class simpler, and having a more enjoyable experience for all while keeping each other safe.

Thank you,
Master Lim's Taekwondo
